Waiting Placement Add-on for Cost-to-Charge Ratio

Policy Summary:

The Department of Vermont Health Access (DVHA) is changing the methodology for transfer claims that are paid using Cost-to-Charge Ratio (CCR). Currently, claims paid via CCR are not eligible to receive add-on payments, therefore Waiting Placement charges are not taken into consideration when calculating a CCR payment. This change allows Waiting Placement add-on payments to be included when a claim is paid by CCR. Please note this change is for inpatient medical transfer claims and does not affect inpatient psychiatric transfer claims.

Effective Date:

As of May 1, 2016, this change will be effective retroactively to October 1, 2014.
